

The Greene County Partnership economic development department is marketing Greene County to the outside world. Our latest marketing campaign is "Hometown Hospitality, Big Town Business". We have placed an ad in the NE TN Valley Regional *Business Images* magazine. This magazine is given to site selection consultants and companies interested in moving to the area.

Greene County has so much to offer:

- \* Centrally located in the eastern US
- \* Accessible to highways and interstates
- \* Skilled and dependable workforce
- \* Excellent schools and colleges
- \* Certified Three-Star Community for 24 consecutive years

A copy of the latest ad is attached. Help us promote Greene County to businesses and companies that Greene County is the ideal place to locate.

# Greene County

T E N N E S S E E

Hometown Hospitality, Big Town Business

Offering a booming business environment with a strong foundation of support services, Greene County is a community that takes great pride in expanding its cutting-edge technology while carefully preserving its priceless and unique history. The graceful blending of the future and past make it a truly extraordinary community to live and work.

- Centrally located in the eastern portion of the United States, creating a competitive cost advantage when moving product and people
- Easy access to I-81, within 50 miles of I-40, I-75 and I-26
- Served by US Highways 11E, 321, TN 70, 93 and 107
- Three industrial parks with space available
- Skilled workforce with strong work ethic, dependability and a high degree of company loyalty
- State-of-the-art telecommunications infrastructure
- Nationally recognized "Blue Ribbon" schools for excellence in education
- Local four-year college and two-year community college
- Certified Three-Star Community for 24 consecutive years
